Generic Reference Guide

Introduction

This document has been created by the IAQG 9110 writing team to provide generic correlation of key AQMS subjects/topics between the requirements of AS/EN/SJAC 9110:2016 (Rev C), Commission Regulation (EU) 1321/2014 Part-145 Section A and FAA CFR 14 - Part 145.

The information contained within this document can be used to provide high level correlation when comparing requirements between the respective standard/regulation, it is not intended to provide exact equivalency or assumed acceptable means of compliance between the stated requirements.

This information may be useful for example when: organizations are determining their management system requirements, audit program managers are expressing audit scope and criteria, auditors are developing their audit plan/preparing questionnaires etc.

The content of this document is not exhaustive, more comprehensive and detailed correlation (by clause/paragraph number) between 9110:2016 and airworthiness regulations EASA/FAA Part 145 can be found in other supplementary documents published separately on the IAQG website.
