

9107

“DIRECT DELIVERY AUTHORIZATION GUIDANCE FOR AEROSPACE COMPANIES”

KEY CHANGES

Key Changes

- Minor editorial changes were implemented in the following areas of 9107 to align with AMC No 1 and No 2 of EASA 21.A.133
 - B.1.6.a, B.1.6.c, & B.1.8
- Additional minor changes were implemented in the table of B.3 to align with AMC No 2 of EASA 21.A.133. Since 9107 was initially developed in cooperation with EASA, it is important to maintain alignment with their AMC and GM
- B.1.6: “AMC and GM requirements” was changed to “AMC and GM” to prevent confusion surrounding the concept of hard vs. soft requirements. IA9107 is intended as guidance.

Acronyms

- AMC: Acceptable Means of Compliance
- EASA: European Union Aviation Safety Agency
- GM: Guidance Material
